SPECIAL APPROVAL INFORMATION

Continuing Education programs attended outside of Iowa by a non-approved provider, an organization not specified below or a continuing medical education offering may qualify for special approval by the board for an individual licensee. However, content must also meet the qualifications of appropriate subject matter as specified in Chapter 5, subrule 5.3(2), paragraph "a."

Special approval must be completed prior to license renewal. To request special approval submit a completed application with a copy of the brochure, advertisement, or program description. Include the following information:

- Documentation of the date, time, location, and program title.
- Purpose and objectives.
- Intended audience.
- Credentials of instructors.
- Evidence that contact hours, CEUs or CME credit will be or were awarded.

If the offering is approved, an approval letter will be sent from the board office. Both the approval letter and the certificate of attendance with the amount of credit awarded from the provider must be retained for a minimum of four years. A denial of approval may be appealed to the board within one month of the denial.

Live programs attended within Iowa including distance education technology, e.g., satellite programming, must be sponsored by a board approved provider and do not qualify for special approval.

In addition, in order to qualify for continuing education credit, continuing education programs must meet the qualifications of appropriate subject matter as specified in Chapter 5, subrule 5.3(2), paragraph "a."
